What is the Magic Paintbrush Project?

The Magic Paintbrush Project provides creative workshops that complement services for individuals with disabilities and the families and professionals supporting them. Combining goals and creativity, our workshops are designed to meet the needs of individuals of all ages.

“When a daughter is squirting glitter paint at her mom as they both giggle, you would never know that the daughter is working toward a goal of increasing her range of motion.”

-Sara Corona, art therapist and Magic Paintbrush Project coordinator

“Sometimes it’s hard to find words to describe a feeling. A color, or a certain brush stroke, might be more accurate. That’s why the Pieters Family Life Center is excited to bring The Magic Paintbrush Project to the Rochester area. The Magic Paintbrush Project’s focus on supporting families with a loved one with special needs in a creative, engaging and supportive environment is a great illustration of the mission of the Pieters Family Life Center!”

-Andrew Little, director of The Pieters Family Life Center

The Magic Paintbrush Project

The Magic Paintbrush Project is a creative arts program for individuals with special needs, their caregivers, family and friends. Using unique art materials and techniques, workshops are tailored to meet the unique needs of each family or group. No art experience is necessary for ANY workshop!

The Pieters Family Life Center

The Life Center is a premiere program of Heritage Christian Services, that works to provide a sense of community that supports all kinds of wellness: physical, social, emotional, spiritual, intellectual and occupational. To learn more about our mission and the classes we offer, visit: www.pietersfamilylifecenter.org.

Our Programs

Family workshops: Families work alongside other families to explore new art techniques and have fun! Workshops are held monthly at The Pieters Family Life Center.

On The Move: These mobile workshops cater to schools, agencies, and the special needs community. The focus is on classroom and agency needs, staff inclusion and community building.

Support of Area Professionals: With content geared toward professionals, creative and exciting staff workshops are offered to those serving the special needs community in area agencies, programs and schools.

Our Workshops Encourage

* An inviting experience for the whole family or group
* Fun and interactive socialization with peers and siblings
* A unique focus on ABILITY
* A place that fosters self confidence and creativity

How Can I Schedule a Workshop?

What People Are Saying

“It was the best experience ever to watch my child do an activity and not struggle or be criticized. Sam loved it just as much as I did.”

-Tiffani Agusta, mom to 4-year-old Sam who has autism

“The Magic Paintbrush Project has provided a thrilling opportunity for our children to engage in a creative, self expressive, experience.”

-Suzanne Rounding, director of Expressive Beginnings Child Care
